

Lena Ørum Lauridsen
Personal Assistant to CEO, Espersen A/S

"Espersen chose BOARD OFFICE after an assessment of technology, security, and user-friendliness. But the most important parameter, which we could only truly measure after signing the agreement, is customer service.

Helpfulness and quick problem-solving have been taken to a new level for those of us working back-end – and our boards are impressed by how quickly they are helped if they have questions."
